

Sutherland Dianella Science Program 2021

Science Understanding Topics

Year Level	Biological Sciences	Chemical Sciences	Earth and Space Sciences	Physical Sciences
Kindy	Living Things Plant needs Animals needs Human needs	Senses	Weather	Things that move How we move our body Toys that move
Pre-primary	Living Things	Materials Properties: Plastic, Metal, Paper, Wood Magnetic	Seasons	Rolling Heavy or light Slopes
1	Birds	Changing Materials	Weather Environment Day & Night	Light
2	Life Stages	Mixtures	Water Cycle	Push/Pull Force
3	Classifying Animals	Melting and Freezing	Day and Night	Heat Energy
4	Life Cycles	Properties of Materials	Slow Land Changes	Forces
5	Adaptations	States of Matter	Space	Light Energy
6	Microorganisms	Physical and Chemical Change	Fast Land Changes	Electricity
