# Partnership with Parents

## Session

# Speech and Language Development

Are you amazed at how quickly your children learns new words and ideas?  
Perhaps you are worried that your child is not talking as much or as well as  
others in the same year level?

Wondering how you can best help your children develop good oral  
communication?

**Come along to hear Liana Gunzberg, local Speech Pathologist,** discuss  
language development in children.

Liana will tell you what is "normal" in young children and how you can help  
your children develop good language skills.

She will also explain how verbal skills are related to literacy, and why good  
speech and language development are essential for learning to read and  
spell successfully.

**Wednesday 31 May 2017 (Week 6)  
7:00pm in the School Library**

Light supper provided

Please RSVP at the office, by telephone 9375 1133 or by email
