

TAKE A STAND!

Chorus:

We don't need no mean behaviour

Just a lot of fun and play

All we ask is a little favour

So sing along to what we say

Hey bullies .. Leave us kids alone

Verse:

Take a stand and say NO WAY

Ignore the bullies and walk away

Act unimpressed and make a joke

Always back off it's the way to go

Pretend you don't care, what is said

Don't let them put downs get in your head

Ask your friends to back you up

Stand together, say THAT'S ENOUGH!

Chorus:

We don't need no mean behaviour

Just a lot of fun and play

All we ask is a little favour

So sing along to what we say

Hey bullies ... Leave us kids alone
