

Code Using Robots

“Coding is the language of the 21st Century”

Term 1 After-School Program at SDPS

Code Using Robots-Explorers 1 module are fun, interactive and creative coding workshops for primary school kids in Years 2 to 6. They are shown higher order coding functions and encouraged to use their creativity to create their own programs. Kids showcase their programs at the end of the workshop to peers & parents.

Pre-requisite: coding experience and/or knowledge of Sphero and associated coding Apps.

Duration: Six (6) weeks in Term 1
Day: Thursday afterschool (3:10-4:10pm)
Cost: \$120 / term
Venue: Library
